

SINAK CORPORATION

Warranty

This WARRANTY presented to:

Name: _____

Address: _____

For:

Project _____

Address: _____

Application Date _____ Area Treated: _____ Sq ft

SINAK Corporation warrants that RELAY Resurfacer is of the highest quality as measured by exacting manufacturing standards; and that, when mixed and applied according to SINAK's instructions, it will bond to whatever surface it is applied to for a minimum period of 5 years from date of application.

Conditions

Products must be mixed and applied in accordance with SINAK's written instructions; and must be applied by a Certified Applicator, or under SINAK's supervision

Exclusions

If RELAY should delaminate from the surface it was applied to cleanly (i.e. no surface materials adhered to the underside of the delaminated RELAY) the delamination is covered under this warranty. If however, surface particles are adhered to the underside of delaminated RELAY or the underside is shiny, then the delamination is not covered. Also not covered under this warranty: (1) Conditions covered in ACI Manual of Concrete Practice, 2008, Part 2 section 302.1R-15 (hereinafter Ref. A), Chapter 13 – *Causes of Floor and Slab Surface Imperfections*; (2) Concrete containing chloride admixtures (all other admixtures must be used in compliance with Ref. A, Chapter 8, part 8.8 – *Admixtures*); (3) Topical intrusion of moisture or chemicals; (4) Improper installation; (5) Conditions associated with misuse of, or defects in preparation material, adhesives, flooring goods or coatings; and (6) Damage caused by movement of joints and cracks.

Remedy

In the event of bond failure from causes covered by this warranty, SINAK Corporation will provide materials to retreat and/or recoat the affected area(s). Retreated/recoated area(s) shall be covered for the remainder of the warranty period.
